Diginex Limited Announces Executive Management Transition and Submission of Listing Application to Nasdaq for the Change of Control

September 2, 2026

LONDON, Sept. 02, 2026 (GLOBE NEWSWIRE) -- Diginex Limited (NASDAQ: DGNX) ("Diginex" or the "Company"), a leading provider of Sustainability RegTech solutions empowering businesses and governments with advanced ESG, climate, and supply chain data and reporting, today announced that Lubomila Jordanova decided to step down as Chief Executive Officer and from the Board of Directors, effective August 31, 2026. The Board of Directors has appointed Diginex's Chief Impact Officer, Archana Kotecha, as interim Chief Executive Officer, effective immediately. Ms. Jordanova was appointed CEO of Diginex in January 2026, having previously founded and led Plan A.earth GmbH ("Plan A"), the European carbon accounting and decarbonization platform acquired by Diginex earlier that same month. Over the course of her tenure, Ms. Jordanova led the Company through the integration of three strategic acquisitions completed in fiscal year 2026 - Matter DK ApS ("Matter"), Plan A, and The Remedy Project Limited ("The Remedy Project") - unifying previously separate teams and operational functions under a comprehensive Sustainability RegTech suite of solutions and products.

Under Ms. Jordanova's leadership, the Company consolidated its reporting into three business segments Software Solutions, Advisory, and Data and began aligning the commercial strategies of the group under one integrated go-to-market approach.

"On behalf of the Board, I want to thank Lubomila for the expertise, discipline, and clarity of purpose she brought to Diginex" said Miles Pelham, Chairman of Diginex. "We are grateful for her contribution to Diginex and wish her every success in what comes next as she becomes strategic advisor to the board of directors".

In her capacity as strategic advisor, Ms. Jordanova will continue to support the Company in maintaining and developing relationships with its existing customer base during the transition period.

Ms. Kotecha joined Diginex in January 2026 following the Company's acquisition of The Remedy Project, the human rights remediation and supply chain due diligence advisory firm she founded in 2021 and was appointed Chief Impact Officer in May 2026 with a group-wide mandate to integrate the Diginex, Matter, Plan A and The Remedy Project offerings into unified commercial solutions. A barrister with nearly two decades of experience in human rights and supply chain due diligence, she previously served as Asia Region Director at Liberty Shared. She is a member of the European Commission's Informal Expert Group on Forced Labour, and an Alternative Legal Expert to the United Nations Intergovernmental Working Group on Business and Human Rights and was recognized by the Financial Times as one of the ten most innovative lawyers in Asia-Pacific.

"Archana brings a rare combination of deep regulatory expertise and trusted industry relationships; built over nearly twenty years of hands-on experience with the compliance requirements our clients face every day. She has earned the confidence of the sustainability, legal, and compliance leaders who rely on our solutions, and the Board has full confidence in her ability to lead Diginex through the completion of the Resulticks transaction," added Mr. Pelham

Diginex also announced that Jacob Friedman will be stepping down as Chief Operating Officer, and Gray Bridges will assume the role of interim Chief Technology Officer. Mr. Bridges brings more than eight years of technology leadership experience in Asia, including as Managing Director of Startech Limited, the dedicated technology partner of MoneyHero Limited, following technology research and development roles at Experian plc in London.

Diginex further informs that on August 27, 2026, the Company submitted a Listing Application to The Nasdaq Stock Market ("Nasdaq") requesting Nasdaq's approval of the change of control of Diginex that will result from the closing of the previously disclosed planned acquisition of Resulticks Global Companies Pte. Limited ("Resulticks"), pursuant to the sale and purchase agreement signed by and between Diginex and the equity holders of Resulticks on August 14, 2026.

About Diginex

Diginex Limited (NASDAQ: DGNX) ("Diginex" or the "Company") is a London-headquartered RegTech business, providing ESG, sustainability and compliance solutions through an integrated platform trusted by global enterprises and financial institutions.

Its portfolio of products and services spans the full sustainability lifecycle, including Diginex ESG (reporting), Plan A (carbon accounting), Matter (data and investment intelligence), Lumen (supply chain risk and traceability), Apprise (worker voice), and The Remedy Project (human rights remediation), combining technology, analytics and advisory services to turn verified data into decision-ready business intelligence.

Forward-Looking Statements

Certain statements in this announcement are forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties and are based on the Company's current expectations and projections about future events that the Company believes may affect its financial condition, results of operations, business strategy and financial needs, including statements regarding leadership transition and integration of recently acquired businesses. Investors can identify these forward-looking statements by words or phrases such as "approximates," "believes," "hopes," "expects," "anticipates," "estimates," "projects," "intends," "plans," "will," "would," "should," "could," "may" or other similar expressions. These forward-looking statements are based on management's expectations and assumptions as of the date of this press release and are subject to a number of risks and uncertainties, many of which are difficult to predict, that could cause actual results to differ materially from current expectations and assumptions from those set forth or implied by any forward-looking statements. Important factors that could cause actual results to differ materially from current expectations include, among others, the ability of the parties to consummate the proposed transaction; satisfaction of closing conditions to the consummation of the proposed transaction; the impact of the announcement of the proposed transaction on the Company's relationships with its employees, existing customers or potential future customers, and the risk factors described in the Company's 2026 Annual Report on Form 20-F filed with the SEC on August 13, 2026. The information in this release is provided only as of the date of this release, and the Company undertakes no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events, except as required by law.
